This course is up to 8 hours, and you must have some experience, be riding a motorcycle or scooter regularly in mainstream traffic conditions and be confident with cornering, low speed and braking control. The Restricted (RE) licence course consists of two components:

Q-Ride Exercises:

Figure 8's – turn at a low speed with control

Slow Ride – control the bike at a slow walking pace

Slalom – weave around obstacles

Controlled stop – bring the bike to a smooth stop

Swerve – similar to slalom, however faster

Emergency stop – stop quickly and smoothly with total control

Road Ride

The 2 hour on-road session will combine both practical testing and discussion, to ensure you have the skills and knowledge to respond to potential hazards. The road ride will be in various speed zones up to 80km/hr and involve 5 x ten-minute rides and 5 x ten-minute discussions on defensive techniques.

STEP 3

Complete [Online Motorcycle Knowledge Test](#)

You need to answer at least 27 out of 30 multiple choice questions correctly on topics ranging from road rules to risk management and hazard perception.

With your CRN you can do this test online.

STEP 4

Apply for your Qld Motorcycle licence at a TMR Customer Service Centre.

Once you have your Q-Ride Certificate and have completed the online Motorcycle Knowledge Test you can go into a TMR Customer Service Centre again and apply for and receive your Qld Motorcycle Licence.

NOTE: This is not a pathway to transfer your car licence. If you require a car licence, you can apply for a car learners licence and do an additional written and practical driving test.
